

King County Prosecuting Attorney

**Norm
MALENG**
Republican

Thank you for the honor of serving as your King County Prosecuting Attorney. Our mission is not just to win cases, but to serve the cause of justice with fairness and integrity. I am extremely proud to lead a group of highly professional men and women who strive to uphold these ideals every day.

My number one priority has always been to prosecute aggressively the thousands of criminal cases that come to my office. At the same time, I have and will continue to play a strong leadership role in seeking innovative reform of our criminal justice system.

Several of my top priorities over the next four years will be:

- **Safety in our schools:** Schools must be a place where our children can be nurtured and educated free of the fear of weapons, drugs and violence. I will continue to work hard to make every school campus safe for kids who want to learn.

- **Protection of the vulnerable:** As our population ages, the chance that the elderly will become victims of physical abuse, neglect and economic crimes increases. I will work to protect our senior citizens and make sure the criminal justice system is sensitive and responsive to the special needs of this population.

- **Reform of drug laws:** Drug laws should be tough and emphasize accountability — but also hold out hope for redemption through treatment. To bring a balance between treatment and punishment, I began the first drug court in the state and last year led a successful bi-partisan legislative effort to redirect funds from the prison system to the drug treatment programs.

It is my honor to serve as your Prosecuting Attorney. Thank you for the trust that you have placed in me.

It has been my privilege to serve South King County for the past eight years as a District Court Judge in Aukeen Division, and most recently to have been chosen by King County Superior Court to serve as an elected Judge pro tem. Thank you for the confidence you have placed in me. I will continue to work hard to maintain a court system that meets the needs of this community, and treats every individual with fairness, respect and dignity.

I am honored to be a judge of the King County District Court. I have served in this capacity since 1983, and have always done my best to work hard, treat people fairly and respectfully, and to do justice.

I pledge to continue to do so in my next term of office, and to look for innovative ways to lead the Court through these very tough economic times. All County government is suffering from revenue losses, but by working efficiently and intelligently we can continue to provide the citizens of King County with an effective Court system.

I seek a position as King County District Court Judge because of my commitment to justice and belief in our American judicial system. My legal experience over sixteen years has included positions as the Auburn Prosecutor, the first Federal Way Prosecutor, public defender, and the founding member of a private law firm. I have served hundreds of hours as pro tem judge in Auburn, Kent, Renton and King County District Courts. City Police Chiefs have appointed me as Drug Forfeiture Hearing Examiner for Kent (current) and Federal Way (past). My community and professional activities include membership on the YMCA Board of Managers, yearly YMCA Youth Fundraising (twice as Chair), as Past President of the South King County Bar Association, state bar committees, plus school and community events. I am married with three children who attend public school in Federal Way. I care deeply about the safety and future of each of our children and families. With my experience, I will be honored to serve as your judge with a daily promise of fairness, impartiality, and integrity. I will treat all people with dignity and respect while making each decision required by the law to achieve our common goal of justice.

Since I have no opponent in this election I wish to take this opportunity to thank the voters who have elected and re-elected me to the Federal Way Division of the King County District Court over the last 10 years. This will be the last election in which the Federal Way Division will exist. In 2003 the King County Council's new redistricting plan will take effect making the Federal Way Division a part of the South Division which will encompass the current District Courts of Renton, Aukene, Southwest and Federal Way.

The District Court is truly the "People's Court." The combined criminal and civil caseload of the new South Division will total more than 80,000 filings per year. Most citizens will never have contact with any other court during their entire lives.

District Court also summons jurors to hear criminal and civil matters. I wish to publicly thank those jurors who accepted the responsibilities of citizenship and served in our courts. We could not function effectively without these citizens who are an essential part of the justice process.

I look forward to serving South King County as a Judge in the District Court.

The privilege I have had the past ten years serving the citizens of the fastest growing area of King County has been accompanied by many challenges. Our semi-rural area has become urban, congested and commercial. Each year, it becomes increasingly important that I work closely with the four cities I serve, law enforcement, schools and community groups to ensure safety and accountability for all citizens. In the next four years, I look forward to building upon the excellent relationships I have developed with all these groups. Budget cuts imposed by King County government have had a severe impact on our ability to provide the kind of efficient court services we all have a right to expect. I intend to work hard to do "more with less," and ensure that the courthouse remains an integral part of the community.

I seek your vote for re-election to the King County District Court, Renton Division, Position 2.

I am a lifelong Renton resident. I graduated from Renton High School, 1961, Seattle University, 1965, and Gonzaga Law School, 1969.

I was law clerk for the Chief Justice of Washington State Supreme Court, 1969-70, a member of the King County Prosecutor's office, 1970-82, where I served in the criminal, juvenile, and civil divisions.

I was appointed to the bench on February 8, 1982, and have been continually elected to the position.

I have broad support from the South King County community, am supported by police officers, and was highly rated by the attorneys who appear before me.

As a Judge I am committed to a fair but firm application of the laws. The courts are currently involved in a budget crisis but I am committed to provide service to all who use the court. I have been involved in the state judges' association and was education chair for 12 years. I was a proponent for required continuing legal education for judges which is now the rule.

I am married to Jeanette and we have two children Lynne and David.

Early identification of children in danger and effective intervention is crucial to reducing the number of persons in our jails and the cost of criminal justice as a whole. (It is often too late, and certainly more expensive, when children in danger have become dangerous children or adults). Such intervention requires adequate funding of the courts, prosecutor, public defender, police, jail, and services for indigent individuals who need drug/alcohol, mental health, domestic violence, and anger management treatment or parenting, independent living skills, and other educational classes. Further budgetary cuts in these areas will have short and long-term detrimental consequences affecting the safety of our community. We should not simply stop treating, educating, arresting, prosecuting, or sending criminals to jail, because the cost seems high now. The cost will be much higher later.

Judge Harn is fair, experienced and committed to the District Court and her community. Re-elect Judge Harn.

I have been privileged to serve all the people of King County as the District Court Judge in the Southwest Division for the past twelve years. And I take this privilege very seriously every day. We believe that an honest, impartial and law abiding judiciary is essential to our legal system and democracy. Our judiciary protects individual rights and society's values against anyone or anything that would deprive us. I work hard every day to uphold our laws, to appear and act fairly to everyone, and to be patient with every person in my court regardless of their ethnic background, native language, and physical or mental disabilities.

In the past four years, I started the District Court Relicensing Program for King County. This program helps hundreds of people pay or work off their traffic ticket fines and get their drivers licenses as well as motor vehicle insurance. It is in our best interests for all of us to be driving the roads with other licensed and insured drivers.

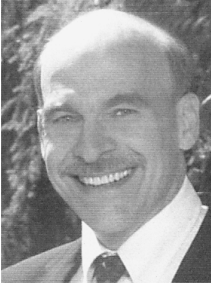

As a judge, I am a dedicated public servant, and I will continue to work hard for the next four years.
